INDEX TO VOLUME 161

A

Abdominal trauma, unrecognized, in patients with head injuries, 608
Acidification of gastric antrum and inhibition of gastric secretion, 587
Acidosis, and declamping phenomenon: study of shock, 41
  Hidden, following intravascular red blood cell aggregation in dogs: effects of high and low viscosity dextran, 532
Adrenocortical function in bronchogenic carcinoma: study of 100 patients, 645
Amputation, through-the-knee Guillotine, 614
Anastomosis, side-to-side intestinal, late complications of: case reports, 824
  Small vessel, long-term results with ring technic, 67
  Von Haberer-Finney end-to-side gastroduodenal, for duodenal ulcer, proximal duodenectomy with, 985
Anesthesia, hypothermic, heat loss and heat production during induction of, 131
Aneurysm, celiac artery: case report of successful mangement, 83
  Hepatic artery: report of case, 94
  Ruptured, of sinuses of Valsalva, transaortic approach for repair of, 946
Angiomyolipoma, renal: rare cause of spontaneous massive retroperitoneal hemorrhage, 577
Antrum, gastric, acidification of, and inhibition of gastric secretion, 587
Aorta, pulmonary artery and right ventricle, post-traumatic fistula of, 357
Aortic arch, double, in infancy, 479
Apoplexy, abdominal, complicating acute cholecystitis: case report, 86
Appendicitis, acute, in rural community, 231
Appendix, gas-filled: roentgenographic sign of acute appendicitis, 474
Arteriography, limitations in determining operability for femoropopliteal occlusive disease, 509
Arteriosclerosis obliterans, lumbar sympathectomy in treatment of, Suppl.
Arteriovenous fistula, Suppl.
  Traumatic, at unusual sites, 908
Artery, brachial, occlusion of, 195
  Celiac, aneurysm of: case report of successful management, 83
  Common femoral, closed traumatic rupture of, 539
  Hepatic, aneurysm of: report of a case, 94
  Injury, Suppl.
  Insufficiency, cerebral, one to 11-year results following arterial reconstructive operation, 921
  Plastic prostheses of, in humans, morphologic studies on, 73
  Renal, Mannitol-induced osmotic diuresis during occlusion, 46
  Right vertebral, reversal of blood in, accompanying occlusion of innominate artery, 353
Artificial hearts, insertion inside chest of calves, 365
Ascites, experimental: production of hepatic outflow block and ascites with hepatic vein choker, 258
  Massive, spontaneous umbilical rupture in portal hypertension with, 623
Autotransplantation, regeneration and, of lymph nodes, 441

B

Bile-reflux pancreatitis, experimental, lethal factors and response to therapy in, 456
Biliary system, extrahepatic, functional studies in dog by use of controlled biliary fistula, 286
Blood, biologic evaluation after prolonged recirculation through film and membrane oxygenators, 617
  Reversal of flow in right vertebral artery accompanying occlusion of innominate artery, 353
  Uterine, preservation of supply of, technic for prevention of ureterovaginal fistula following radical abdominal hysterectomy, 832
Bone, autogenous, homogeneous and heterogeneous grafts of, experimental comparison of: planimetric measurement tudy, 263
Boo[illegible]eceived, 349, 628
Bowel, irritable, syndrome: chronic intestinal obstruction, 819
  Segments, anti-peristaltic, clinical use of, 601
Brain stem reticular formation, spinal chord reflex activity and, 485
Breast, cancers of, treated solely by roentgen rays, five-year results in 431, 103
  Carcinoma of, in old age, 189
  Disease of, critical evaluation of mammography in management of, 748
Bronchogenic carcinoma, adrenocortical function in: study of 100 patients, 645
  Study of cases treated at Johns Hopkins Hospital from 1933 to 1958, 674
Burns, cause of death from: role of respiratory damage, 497
  Scar from, carcinoma in: clinical study with special reference to, 170
  Wounds of, arterial vascular occlusion and devitalization of, 502
Buttock, rhabdomyosarcoma of, producing hypoglycemia, 553

C

Cancer, breast, treated solely by roentgen rays: five-year results in 431, 103
  Dissemination with special emphasis on vascular spread and implantation, 753
  Extensive, of mouth and pharynx, surgical treatment of, 634
  Operative criteria for diagnosis of, in mass of head of pancreas, 395
Carcinoma, bronchogenic, adrenocortical function in: study of 100 patients, 645
  Bronchogenic: study of cases treated at Johns Hopkins Hospital from 1933 to 1958, 674
  Mammary, in old age, 189
  Of esophagus, combined radiation and surgical treatment of, 710
  Of lung and coin lesions, management of, 649
  Scar tissue: clinical study with special reference to burn scar carcinoma, 170
Cardiac resuscitation, experimental technics for improving effectiveness of, 331
Catheter technic for arterial embolectomy, 325
Cerebral arterial insufficiency: one to 11-year results following arterial reconstructive operation, 921
  Hypothermia, selective: physiology and technic, 387
Cerebrovascular permeability, special reference to changes in: effect of profound hypothermia with circulatory arrest in dogs, 272
Children and infants, stress ulcers in, 977
  Ovarian enlargements in one-year old: review of 45 cases, 372
  Superior vena cava syndrome due to histoplasmosis in, 778
Cholecystitis, acute, abdominal apoplexy complicating, 86
Circulation, arrest in dogs, effect of profound hypothermia: special reference to changes in cerebrovascular permeability, 272
Coin lesions and carcinoma of lung, mangement of, 649
Collagen sponges, tanned, use in treatment of liver injuries, 238
Colon, spontaneous neoplasms of, in man, and 3:2′-dimethyl-4-aminobiphenyl induced colonic neoplasms in rats, endemic and morphologic similarities between, 309
  Use to replace both esophagus and stomach: management of total gastric necrosis following lye ingestion, 469
Congenital intrahepatic arteriovenous fistula: report of successfully treated case, 209
Coumarin, intestinal obstruction induced by, 27
Cystadenocarcinoma and cystadenoma of pancreas, 845
Cystic parotitis, chronic, 693
Cysts, in hepatic surgery, 1

D

Declamping phenomenon, acidosis and: study of shock, 41
Dextran-40,000, influence with and without mannitol: diuresis and urinary viscosity in dehydrated patients, 582
  High and low viscosity, effects of: hidden acidosis following intravascular red blood cell aggregation in dogs, 532
Disk, intervertebral surgery of, arteriovenous fistula and isolated vascular injuries secondary to: report of four cases and review of literature, 524
Diuresis and urinary viscosity in dehydrated patients: influence of dextran-40,000 with and without mannitol, 582
  Osmotic, Mannitol-induced, during renal artery occlusion, 46
Drainage, surgical, of pancreas, treatment of chronic relapsing pancreatitis by, 838
Dumping syndrome, serotonin metabolism and, 995
Duodenectomy, proximal, with Von Haberer-Finney end-to-side gastroduodenal anastomosis for duodenal ulcer, 985
Dysplasia, fibrous, of maxilla: analysis of 14 cases, 406

E

Editorial: Significance of the operating schedule, 152
  The tired surgeon, 627
Education, medical, dynamic aspects of, 153

Electrocardiographic changes, immediate: massive pulmonary embolism, 201
Electromagnetic heating, effects on internal viscera: preliminary to treatment of human tumors, 890
Embolectomy, arterial, catheter technic for, 325
Embolism, massive pulmonary: immediate electrocardiographic changes, 201
Pulmonary, plication of inferior vena cava for: long-term results in 39 cases, 788
Enteritis, regional, surgical treatment of: review of 85 cases, 812
Esophagus, combined radiation and surgical treatment of carcinoma of, 710
Perforation of, diagnosis and treatment, 701
Subphrenic extrathoracic rupture of: first reported case, 213
Surgical treatment of complications of hiatal hernia of, 723

F

Femoropopliteal occlusive disease, limitations of arteriography in determining operability for, 509
Fever, caloric equivalent of: influence of major trauma, 140
Fibrinolysis and heparin, preventive effect of: trauma as cause of localization of blood-borne metastases, 97
Spontaneous, induced by *in vitro* admixture of human plasma, 89
Fibroma, ossifying, of maxilla: analysis of 14 cases, 406
Fistula, arteriovenous, Suppl.
Arteriovenous, and isolated vascular injuries secondary to intervertebral disk surgery: report of four cases and review of literature, 524
Congenital intrahepatic arteriovenous: report of successfully treated case, 209
Controlled biliary, functional studies of extrahepatic biliary system in dog by use of, 286
Post-traumatic, of aorta, pulmonary artery and right ventricle, 357
Traumatic arteriovenous, at unusual sites, 908
Traumatic intercostal arteriovenous: case report, 218
Ureterovaginal, technic for prevention following radical abdominal hysterectomy: preservation of uterine blood supply, 823
Foramen of Winslow, herniation through, 592

G

Gallstones, sequelae attributed to delayed surgical treatment of, 21
Gardner's syndrome: report of case, 565
Gastrectomy, post-, use of jejunal pouch in treating malnutrition in, 35
Gastric necrosis, total, management following lye ingestion: use of colon to replace both esophagus and stomach, 469
Resection, total, antegrade jejuno-jejunal intussusception as rare complication following, 597
Secretion, acidification of gastric antrum and inhibition of, 587
Gastroduodenal hemorrhage, massive, changing concepts in surgical treatment of, 968
Geriatric patients, mammary carcinoma in, 189
Glutaraldehyde, preliminary evaluation of activated solution for cold sterilization, 127
Grafts, bone, autogenous, homogenous and heterogenous, experimental comparison of: planimetric measurement study, 263

H

Head, unrecognized abdominal trauma in patients with injuries of, 608
Hearts, artificial, insertion inside chest of calves, 365
Heating, electromagnetic, effects on internal viscera: preliminary to treatment of human tumors, 890
Heat loss and production during induction of hypothermic anesthesia, 131
Hemolysis, factors influencing, in model perfusion systems, 148
Hemorrhage, massive gastroduodenal, changing concepts in surgical treatment of, 968
Shock and nervous system: spinal chord reflex activity and brain stem reticular formation, 485
Spontaneous massive retroperitoneal: renal angiomyolipoma as rare cause of, 577
Heparin and fibrinolysis, preventive effect of: trauma as cause of localizati of blood-borne metastases, 97
Hepatic artery aneurysm, report of case, 94
Ducts, major, malignant obstruction of, 876
Intra-, arteriovenous fistula, congenital, 209
Outflow block and ascites, production of, with hepatic vein choker, 258
Surgery, trauma, tumors and cysts, 1
Swelling and inferior vena cava construction, 344
Hernia, esophageal hiatal, surgical treatment of complications of, 723
Herniation through foramen of Winslow, 592
Histamine, metabolism of, primary regulation by liver, 447
Histoplasmosis in children, superior vena cava syndrome due to, 778
Hydroxycorticosteroids, plasma 17-, in man, effect of surgery with and without whole body perfusion on, 105
Hyperparathyroid crisis: survey of literature and report of two cases, 737
Hyperparathyroidism, diagnosis and surgical control of, 732
Hypertension, portal, pathogenetic classification of, 350
Portal, with massive ascites, spontaneous umbilical rupture in, 623
Hypoglycemia, mesodermal tumors associated with: review of literature and report of case, 418
Rhabdomyosarcoma of buttock producing, 553
Hypothermia, anesthesia by, heat loss and production during induction of, 131
Profound, effect with circulatory arrest in dogs: special reference to changes in cerebrovascular permeability, 272
Selective cerebral: physiology and technic, 378
Hysterectomy, radical abdominal, technic for prevention of ureterovaginal fistula following: preservation of uterine blood supply, 832

I

Infancy, double aortic arch in, 479
Innervation, parasympathetic, influence on volume of pancreatic juice, 15
Intestine, chronic obstruction of: true "irritable bowel" syndrome, 819
Late complications of side-to-side anastomosis of: case reports, 824
Obstruction of, Coumarin-induced, 27
Reversed segments in management of anenteric malabsorption syndrome, 225
Intussusception, antegrade jejuno-jejunal: rare complication following total gastric resection, 597
Irradiation, radical neck dissection after: use of transverse incisions to obtain primary healing, 361

J

Jaundice, obstructive, pancreatic pseudocyst as cause of, 569
Jejunal pouch, use in treating postgastrectomy malnutrition, 35
Jejuno-jejunal intussusception, antegrade: rare complication following total gastric resection, 597

K

Kidney, transplants of human, functional evaluation with renograms, 428
Knee, Guillotine amputation through the, 614

L

Leiomyoblastoma of stomach: case report, 562
Liver, injuries of, use of tanned collagen sponges in treatment of, 238
Primary regulation of histamine metabolism by, 447
Trauma of, management in 259 patients, 248
Lumbar sympathectomy in treatment of arteriosclerosis obliterans, Suppl.
Lung, management of coin lesions and carcinoma of, 649
Lye, ingestion of, management of total gastric necrosis following: use of colon to replace both esophagus and stomach, 469
Lymph nodes, regeneration and autotransplantation of, 441

M

Malabsorption syndrome, anenteric, reversed intestinal segments in management of, 225
Malnutrition, post-gastrectomy, use of jejunal pouch in treating, 35
Mammography, critical evaluation in mangement of breast disease, 748
Mannitol, effect on renal function during open-heart surgery, 53
Influence of dextran-40,000 with and without: diuresis and urinary viscosity in dehydrated patients, 582
Osmotic diuresis during renal artery occlusion induced by, 46
Maxilla, fibrous dysplasia (ossifying fibroma) of, analysis of 14 cases, 406
Melanoma, primary malignant, on trunk: analysis of 194 cases, 161
Subungual: 25-year review of cases, 545
Tumors 1 and 3, amelanotic, role of neoplastic intravasation in development of hematogenous metastasis in, 400
Mercury strain gauge, diagnosis and objective evaluation using: peripheral vascular disease, Suppl.
Mesenteric panniculitis: review of 27 cases, 864
Venous thrombosis, primary, 516
Metabolism, histamine, primary regulation by liver, 447
Serotonin, and dumping syndrome, 995

Metastases, blood-borne, trauma as cause of localization of: preventive effect of heparin and fibrinolysis, 97
Hematogenous, in amelanotic melanoma tumors 1 and 3, role of neoplastic intravasation in development of, 400
With special emphasis on vascular spread and implantation, 753
Mouth, surgical treatment of extensive cancers of, 634

N

Neck, radical dissection after irradiation: use of transverse incisions to obtain primary healing, 361
Necrosis, total gastric, management following lye ingestion: use of colon to replace both esophagus and stomach, 469
Neoplasms, spontaneous colonic, in man, and 3:2′-dimethyl-4-aminobiphenyl induced colonic neoplasms in rats, endemic and morphologic similarities between, 309
Neoplastic intravasation, role in development of hematogenous metastasis in amelanotic melanoma tumors 1 and 3, 400

O

Obstruction, chronic intestinal: true "irritable bowel" syndrome, 819
Intestinal, Coumarin-induced, 27
Malignant, of major hepatic ducts, 876
Superior vena caval: indications for diagnostic thoracotomy, 771
Occlusion, acute brachial artery, 195
Arterial vascular, and devitalization of burn wounds, 502
Femoropopliteal, limitations of arteriography in determining operability for, 509
Innominate artery, reversal of blood flow in right vertebral artery accompanying, 353
Renal artery, Mannitol-induced osmotic diuresis during, 46
Open-heart surgery, effect of Mannitol on renal function during, 53
Ovarian enlargements in the first year of life: review of 45 cases, 372
Oxygenators, film and membrane, biologic evaluation of blood after prolonged recirculation through, 617

P

Pancreas, cystadenoma and cystadenocarcinoma of, 845
Operative criteria for diagnosis of cancer in mass of head of, 395
Pancreatic juice, influence of parasympathetic innervation on volume of, 15
Juice in pigs, influence of vagal stimulation on secretion of, 605
Pseudocyst; cause of obstructive jaundice, 569
Pancreatitis, chronic relapsing: treatment by surgical drainage of pancreas, 838
Experimental bile-reflux, lethal factors and response to therapy in, 456
Panniculitis, mesenteric: review of 27 cases, 864
Parasympathetic innervation, influence on volume of pancreatic juice, 15
Parotitis, chronic cystic, 693
Paroxysms, recurrent, of ventricular tachycardia following mitral valvuloplasty: case report, 63
Peristaltic, anti-, bowel segments, clinical use of, 601
Perforation, esophageal, diagnosis and treatment, 701
Perfusion, model systems, factors influencing hemolysis in, 148
Whole body, on plasma 17-hydroxycorticosteroids in man, effect of surgery with and without, 105
Premeability, changes in cerebrovascular: effect of hypothermia with circulatory arrest in dogs, 272
Pharynx, surgical treatment of extensive cancers of, 634
Phlegmasia carulea dolens: 10-year review, 802
Planimetry, measurement study by: experimental comparison of bone grafts, 263
Plasma, human, spontaneous fibrinolysis induced by *in vitro* admixture of, 89
17-hydroxycorticosteroids, effect of surgery with and without whole body perfusion on, 105
Serum and plasma proteins in thermally-injured patients treated with, 112
Plastic arterial prostheses in humans, morphologic studies on, 73
Portal hypertension, pathogenetic classification of, 350
Presidential address: The crossroads of surgery, 629
Prolapse, complete rectal: evaluation of surgical treatment, 221
Rectal, results of posterior approach in repair of, 897
Prostheses, arterial, plastic, in humans, morphologic studies on, 73
Proteins, serum and plasma, in thermally-injured patients treated with plasma, its admixture with albumin or serum alone, 112
Pseudocyst, pancreatic: cause of obstructive jaundice, 569
Pulmonary embolism, massive: immediate electrocardiographic changes, 201
Embolism, plication of inferior vena cava for: long-term results in 39 cases, 788
Rhabdomyosarcoma, primary: report of three cases and literature review, 688

R

Radiation and surgical treatment, combined, of carcinoma of esophagus, 710
Rectum, complete prolapse, evaluation of surgical treatment, 221
Prolapse, results of posterior approach in repair of, 897
Red blood cell aggregation, intravascular, in dogs, hidden acidosis following: effects of high and low viscosity dextran, 532
Renal angiomyolipoma: rare cause of spontaneous massive retroperitoneal hemorrhage, 577
Artery occlusion, Mannitol-induced osmosis during, 46
Function, effect of Mannitol during open-heart surgery, 53
Renograms, functional evaluation of human kidney transplants with, 428
Respiratory damage, role of: cause of death from burns, 497
Resuscitation, cardiac, experimental technics for improving effectiveness of, 331
Rhabdomyosarcoma of buttock producing hypoglycemia, 553
Primary pulmonary: report of three cases and literature review, 688
Ring technic, long-term results of small vessel anastomoses with, 67
Roentgen rays, five-year results in 431 breast cancers treated solely by, 103
Roentgenographic sign of acute appendicitis: gas-filled appendix, 474
Rupture, closed traumatic, of common femoral artery, 539
In aneurysms of sinuses of Valsalva, transaortic approach for repair of, 946
Spontaneous umbilical, in portal hypertension with massive ascites, 623
Subphrenic extrathoracic, of esophagus: first reported case, 213

S

Scar tissue, carcinoma of: clinical study with special reference to burn scar, 170
Serotonin, metabolism of, and dumping syndrome, 995
Serum, serum and plasma proteins in thermally-injured patients treated with, 112
Shock, hemorrhagic, and nervous system: spinal chord reflex activity and brain stem reticular formation, 485
Refractory, therapy of, 955
Study of: acidosis and declamping phenomenon, 41
Siamese twins, thoraco-omphalopagus, separation of: case report, 390
Sinuses of Valsalva, transaortic approach for repair of ruptured aneurysms of, 946
Skin, wounds of, healing in rat, 293
Spinal chord reflex activity, and brain stem reticular formation, 485
Sponges, tanned collagen, use in treatment of liver injuries, 238
Sterilization, cold, preliminary evaluation of an activated glutaraldehyde solution for, 127
Stomach, leiomyoblastoma of: case report, 562
Spontaneous rupture of: unusual clinical features 466
Strain gauge, mercury, diagnosis and objective evaluation using: peripheral vascular disease, Suppl.
Subungual melanoma: 25-year review of cases, 545
Sympathectomy, lumbar, in treatment of arteriosclerosis obliterans, Suppl.

T

Tachycardia, ventricular, recurrent paroxysms following mitral valvuloplasty: case report, 63
Thermally-injured patients treated with plasma, its admixture with albumin or serum alone, serum and plasma proteins in, 112
Thoracotomy, diagnostic, indications for: superior vena caval obstruction, 771
Thrombectomy, venous: current status, 411
Thrombo-angiitis obliterans, Suppl.
Thrombosis, primary mesenteric venous, 516
Transplants, human kidney, functional evaluation with renograms, 428
Trauma, arteriovenous fistula at unusual sites, 908
As cause of localization of blood-borne metastases: preventive effect of heparin and fibrinolysis, 97
Closed rupture of common femoral artery, 539
In hepatic surgery, 1
Intercostal ateriovenous fistula: case report, 218
Liver, management in 259 patients, 248
Major, influence of: caloric equivalent of fever, 140
Post-, fistula of aorta, pulmonary artery and right ventricle, 357
Unrecognized abdominal, in patients with head injuries, 608

Trunk, primary malignant melanoma on: analysis of 294 cases, 161
Tumors, human, a preliminary to treatment of: effects of electromagnetic heating on internal viscera, 890
In hepatic surgery, 1
Mesodermal, associated with hypoglycemia: review of literature and report of case, 418

U

Ulcer, duodenal, promixal duodenectomy with Von Haberer-Finney end-to-side gastroduodenal anastomosis for, 985
Stress, in infants and children, 977
Umbilical rupture, spontaneous, in portal hypertension with massive ascites, 623
Ureterovaginal fistula, technic for prevention following radical abdominal hysterectomy: preservation of uterine blood supply, 832
Urine, viscosity of, and diuresis in dehydrated patients; influence of dextran-40,000 with and without Mannitol, 582

V

Vagal stimulation, influence on secretion of pancreatic juice in pigs, 605
Valvuloplasty, mitral, recurrent paroxysms of ventricular tachycardia following: case report, 63
Vascular disease, peripheral: diagnosis and objective evaluation using mercury strain gauge, Suppl.
Injuries, isolated, secondary to intervertebral disk surgery, arteriovenous fistula and: report of four cases and review of literature, 524
Spread and implantation, dissemination of cancer with special emphasis on, 753
Vein, hepatic, choker: production of hepatic outflow block and ascites with, 258
Vena cava, inferior, constriction of, hepatic swelling and, 344
Inferior, plication for pulmonary embolism: long-term results in 39 cases, 788
Superior, obstruction of: indications for diagnostic thoracotomy, 771
Superior, syndrome due to histoplasmosis in children, 778
Venous thrombectomy: current status, 411
Von Haberer-Finney end-to-side gastroduodenal anastomosis for duodenal ulcer, proximal duodenectomy with, 985

W

Wounds, burn, arterial vascular occlusion and devitalization of, 502
Rat skin, healing of, 293
